11. – 13. Soruları aşağıdaki parçaya göre cevaplayınız.

Stunt performers work for movie industries and producers to perform stunts, from car chases and crashes, fight scenes to falling from buildings instead of actors. They are professionals in their own fields, so they skillfully perform their stunts to avoid an injury. A perfect stunt performer is supposed to be trained to figure in intense and brutal scenes such as racing or crashing cars, re-animating fight scenes and racing cars, base jumping, bull riding, using firearms. Therefore, they must be fearless and willing to travel to any extreme to make intense and realistic scene. Movie producers and directors seek to hire stunt performers who can effectively act out a scene without causing any injury or damage to anyone. However, thanks to the technological advancements in the movie industry, in order to create a dangerous scene, some film directors, if possible, prefer using special effects to hiring a stunt performer, which causes distress among the members of this profession.

11. It can be learned from the passage that stunt performers -----.

- A) are categorized depending on the scene they are the most skilled in
- B) are professionals who act out in scenes which may be dangerous for the health of actors
- C) perform a scene as they wish without getting any directions from movie producers or directors
- D) go through a theoretical training that takes place in difficult environment
- E) benefit from technology while acting out a scene in order to make it more realistic

12. We can understand from the passage that those who want to become a stunt performer --- .

- A) should keep in mind that they might get injured during a performance
- B) need to be interested in technology as much as movie producers and directors
- C) are supposed to have the ability to perform any scene that is assigned by directors
- D) have to possess some certain personal traits such as being bold and eager
- E) must know that it is one of the most dangerous jobs in the world that one can ever have

13. It can be concluded from the passage that technological developments in the movie industry -----.

- A) enable directors to include any scene in their movies regardless of whether it includes danger or not
- B) are mostly used for scenes which could be really dangerous to both actors and stunt performers
- C) are of great importance to movie producers and directors when they want to make a scene more realistic
- D) are useful only when they are combined with the talent of stunt performers
- E) might make stunt performers redundant, so they may not appreciate such developments

Aşağıdaki soruda karşılıklı konuşmanın boş bırakılan kısmını tamamlayabilecek ifadeyi bulunuz.
